TRENT-SEVERN WATERWAY

The Trent-Severn Waterway links Lake Ontario with Lake Huron, more than 386 kilometres. There are 45 locks along the system that make navigation easier, including Lock 32 in Bobcaygeon.

Back in 1832, the government of Upper Canada built the first lock on the system, Lock 32, here in Bobcaygeon. It was around this lock, and nearby grist and sawmills built by founder Thomas Need, that the village took root. It was built between Sturgeon and Pigeon Lakes, allowing the lumber industry to boom.

Bobcaygeon has been designated as a Trent-Severn Trail Town. Boat, paddle, cycle, hike or drive along this renowned inland passageway through historic lock stations and into quaint communities with unique offerings for every visitor.

OUR HERITAGE

Bobcaygeon was incorporated as a village in 1876, and became known as the “Hub of the Kawarthas”.

Its recorded name bob-ca-je-wan-unk comes either from the Mississauga Ojibway word baabaagwaajiwanaang “at the very shallow currents”, giishkaabikojiwanaang “at the cliffed cascades” or obaabikojiwanaang “at currented rocky narrows”, or from the French beau bocage “beautiful hedged farmland”.

Thomas Need, who arrived in 1832, is recognized as the founder of Bobcaygeon and built a sawmill, gristmill, and the first store. In 1844, Need sold his profitable business interests to Mossom Boyd, and returned to England.

Boyd built up a logging enterprise that was recognized as the third-largest logging operation in Upper Canada.

That success brought more settlers to the Bobcaygeon area, which is today one of the largest communities in the City of Kawartha Lakes.

ON THE WATER

The Bobcaygeon area is known for having some of the freshest, cleanest water on the planet.

Whether you're boating, swimming or enjoying a leisurely paddle along the shoreline, you will never forget Mother Nature's beauty.

If you're taking the tour on your own vessel, local marinas offer supplies and repairs or overnight mooring and internet service. There's also space at Lock 32 for overnight mooring but space is limited.

You can also enjoy the beauty and history of our area from the water by kayak, canoe, paddleboard or even a

houseboat. Get some exercise or relax on a floating vacation home.

If you'd rather find a sunny spot for a picnic and put your toes in the sand, the Bobcaygeon area offers pristine parks and beaches. Order lunch from one of the local restaurants or cook up something from the Farmers' Market.

Bobcaygeon Beach Park is just a short walk along the boardwalk from the Lock. This popular park has undergone renovations in the past year to make it even more visitor-friendly.

River View Park is a bit out of the town centre, about a 15 to 20 minute walk from the Lock. It has a more natural water access, with a grassy park area that goes right to the water's edge.

For those who prefer an indoor pool experience, the Forbert Memorial Pool is a short car-ride from downtown or a healthy walk from the Lock. The Pool is located on River Park Road.

There's a special place for families at Tommy Anderson Park, too. A full splash pad, washroom facilities, playground and a sports field make this the perfect place to spend some time with the kids.

You can also grab a picnic lunch and sit beside the lock area, watching boats go drifting past and the wonder of the technology of the lock system.

Kawartha Dairy

Over 85 Years of Tradition & Quality

A long history of memories, tradition and family values are at the heart of Kawartha Dairy. Proud to be 100% Canadian-owned, still operated by our family in Bobcaygeon.

Ever since our parents and grandparents Jack and Ila Crowe started Kawartha Dairy in 1937, we have been proud to use fresh milk and cream, right from local farmers. We also pack our products within 24 hours of the dairy farm. We're proud to still make our delicious, rich, and creamy, premium ice cream the traditional way.

In the beginning, we delivered milk by horse and wagon, washed milk bottles by hand and used ice from the lake as our refrigeration system. Our operations have certainly grown but we still make all our products right in Bobcaygeon.

Our Bobcaygeon store is just a short walk from downtown, offering over 45 ice cream flavours and countless memories. With flavours like Moose Tracks, Salty Caramel Truffle, and Mint Chip, we have something for everyone.

We are looking forward to seeing you in Bobcaygeon or at any of our ten stores this summer and would like to thank you for your continued loyal support.

A visit to Gamiing Nature Centre, just outside Bobcaygeon, celebrates biodiversity and offers approximately 7km of recreational trails of various difficulties.

Birdwatching is another popular pastime in the Bobcaygeon area.

Bring your binoculars and head out to see some of Mother Nature's feathered friends. Depending on the season, you can spot osprey, eagles, swans, mallards, cormorants and loons. According to visitbobcaygeon.com, here are a few areas you might want to add to your list of sites to visit.

Boyd Island: Although it's only accessible by water, this 1,100 acre island is owned by the Kawartha Land Trust. Paddle along the shore or go ashore to explore the marked hiking trails. There are many species of birds living on the island.

Big Bob Channel: Even from the bridge over the channel, you can probably catch a glimpse of nesting osprey.

On the north end of Pigeon Lake is Sandy Point and its grassy marshes are home to many species of birds and fowl.

If two wheels are more your speed, there are cycling routes and bike-friendly areas to make your experience memorable.

Get out and enjoy the majestic scenery of the area in winter.

If winter sports are more your thing, there are plenty of opportunities for you to get out and enjoy the blanket of snow.

For snowmobile enthusiasts, you can connect with the Kawartha Lakes Snowmobile Club (www.klsc.ca). They can give you information about their OFSC prescribed trails that will take you to a number of towns in the area. Their trail system joins Heart of Ontario to the south and west, Haliburton Snowmobile Association to the north and Twin Mountains to the East.

a beautiful mature forest.

Bobcaygeon is home to a vibrant and busy curling facility -- the Bobcaygeon Curling Club. Out-of-town curlers are welcome to participate in club activities during the season, which starts in mid-October. The Club hosts an Open House about two weeks after the Bobcaygeon Fall Fair. And, if you've never curled

before, they offer instruction! Visit www.bobcaygeoncurlingclub.ca for more information.

You can also strap on your skates and take advantage of public skating events at the arena in Bobcaygeon, an outdoor rink and, of course, the frozen lakes and rivers in the area.

The holiday season in Bobcaygeon and area also brings along some delights for the whole family.

Kawartha Setters' Village becomes a wonderland during the annual Kawartha Lakes Festival of Trees event in November.

There are also a number of local craft shows and fundraising markets that offer unique gifts for someone or even a little something for yourself! Check www.bobcaygeon.org for the latest event listings.

In December, Bobcaygeon hosts the annual Santa Claus Parade, put on by the Bobcaygeon Kinette Club. It's a night-time parade, one of the area's best.
