ON THE WATERFRONT

Fenelon Falls' waterfront offers something for everyone

There are cultural experiences, natural beauty, an inviting shopping district, dining, a sandy beach, and a unique ecological history. It is a great destination for families.

Oak Street Heritage District is centred on the former Maryboro estate that has historical links to the founding of Fenelon Falls and to the creation of the Trent-Severn Waterway. The area is a planned subdivision of the former estate grounds and contains a significant

concentration of late 19th and early 20th century residential buildings, many of which are worthy of individual designation.

As Fenelon's Community Cultural Centre, the Maryboro Lodge: The Fenelon Museum brings history to life through interactive activities. The Allen Wood Play Space features the great variety of toys manufactured in Fenelon Falls.

Daily in July and August, Maryboro Lodge offers a new feature hands-on activity, one-room school program, and a casual social on the veranda overlooking Cameron Lake. In Summer, enjoy afternoon tea on Wednesdays and free family fun events every weekend. Admission is by donation. Visit their website, maryboro.ca for more information.

Garnet Graham Park offers a sandy beach, picnic areas, new splash pad, beach volleyball, and a large playground.

Fenelon Falls is the central stop on the Victoria Rail Trail, a 100km recreational corridor. The Kawarthas' premiere destination for all kinds of outdoor activities: you can walk, run, cycle, ATV, or even ride a horse. Featuring waterfront views and beautiful forests, this trail runs north to Haliburton and connects via Lindsay to the Trans Canada Trail.

OUTDOOR ACTIVITIES

Your doctor's always telling you that getting some fresh air is good for your health.

In the Fenelon Falls area that's pretty easy to do and you can make some fantastic family memories at the same time. Here's just a sample of what you can find.

The Victoria Rail Trail is used by cyclists and hikers as a great way to get up close and personal with Mother Nature. And there are plenty of other trail options in the area.

The Kawartha Cycling Club (kawarthacyclingclub.com) can provide more information about cycling in Fenelon Falls and area or how to join one of their special events and excursions.

If winter sports are more your thing, connect with the Kawartha Lakes Snowmobile Club in Fenelon Falls (www.klsc.ca). They can give you information

about their OFSC prescribed trails that will take you to a number of towns in the area, including Cameron, Rosedale, Coboconk, Burnt River and, of course Fenelon Falls.

Their trail system joins Heart of Ontario to the south and west, Haliburton Snowmobile Association to the north and Twin Mountains to the East.

A visit to Ken Reid Conservation Area is a great way to spend the day outdoors in winter. The area is 110 hectares and is the flagship conservation area for Kawartha Conservation.

There are several loop trails that lead through forests, meadows and wetlands.

As well, many of our area resorts offer their own trails for winter and summer outdoor activities.

DINING

There's a reason why so many talented chefs have come to our area.

These chefs get to work with delicious local ingredients to create mouth-watering dishes.

When you want a night off from cooking, our restaurants offer a great balance of down-home cooking using local ingredients and friendly atmosphere and staff. Whether you're searching for some fine-dining overlooking the lake, an informal night with family and friends, a pub environment with great local craft beers or take-out for a picnic, Fenelon Falls and area can serve it up with the best of them.

abundance of local markets, bakeries and grocery stores where you can certainly find what you need. Our local grocery stores offer a wide range of products just like you'd find at home.

And speaking of local markets, what would our area be without our farmers? The farm-to-table movement has brought many people to our area just to source out fresh produce, cheese and meats. In the Fenelon Falls area, local, fresh food is in our roots. With a number of farmers' markets, you can easily find a bounty of locally grown fruits, vegetables and meat, as well as crafts, baked goods, preserves and much more.

It's not only about the freshness of the products, but it's the chance to meet the growers, farmers, artisans and bakers who work hard to bring their goods to your shopping basket.

Enjoy a picnic in the park, watching the boats go by at the Lock, or on a bench at the beach. You can get delicious meals "to go" from many local restaurants.
